Dr. Jennifer Wu is a graduate of New York University with over 10 years experience in general dentistry and over 5 years in oral surgery. Her philosophy is to provide gentle, thorough, quality care, along with kindness. Her mission is to help patients keep their teeth healthy and the smile as beautiful as possible. Her thought is always, "what's best for my patient, not what's most expensive."

If you have encountered an uncomfortable dental experience or simply seeking quality care, I look forward to meeting you in a relaxing dental environment. You will find that you have chosen the right practice and you will love the one on one care.
