Tax ID: 13-3913238, donation could be tax deductible per IRS code

Dear Parents, Students, and Friends:

Our school is growing again this year to over 500 students. We call for your support to excel the fine school!

Your help will make our school a much better place to teach our children, to network with friends, and to build a culture enriching community. Your donation will enable many new initiatives such as multimedia visual learning programs, teacher's training programs, and student activity groups.

Tuition income alone is not sufficient to fund all the basic needs for a quality school. Without supports from donations and volunteers, our tuition might have been doubled. We need your help. You can contribute to our education fund or earmark your contribution to tailor to the School's specific needs. You can also donate your time because the School's success is 100% dependent upon volunteers' effort. Our students and teachers highly appreciate all your contributions and you will gain a membership to a community that is certainly up and coming.

HuaXia NY was established in 1996 and is governed and operated by its volunteer members. It was registered with the State of New York as a non-profit organization. The objective of the School is to help Chinese Americans in Westchester and surrounding areas learn the Chinese language, appreciate and carry on their heritage, and to build a bridge between Chinese-American and other ethnic groups. Over the years, the school has developed comprehensive policies and methodologies to maintain standards of excellence. The School administration is elected annually and directly by all voting members, supervised by a board of trustees, and supported by PTA. The above whole team consisting of all volunteers works hard to manage an academic curriculum and many culture activities. The School functions as a supportive community where people can meet weekly to learn Chinese, make new friends, and participate in culture events.

Again, as a non-profit 501 (c) (3) organization, HuaXia NY relies on the support of entire community to fund basic activities, such as hiring qualified teachers, leasing equipment and classroom space, maintaining affordable tuition, and holding culture events including celebration of Chinese New Year. The School has established rigorous and auditable standards to meet IRS requirements to ensure consistent and transparent financial control and non-political management.

Help your school today! To make a gift, you can write a check to the school address above. A slip is attached for your convenience. We are also searching for more foundations and companies that can help us. If you have any questions, or like to share some information with us, please call me at 914-962-9194, or write to gutuanz@yahoo.com.

Regards,

Gutuan Zheng
Vice Principal of Communication

Thank you for your support of Huaxia Chinese School, NY
